Finance Club Member

As a participant of the Finance Club since June 2021, I have had the opportunity to collaborate with like-minded individuals to provide networking opportunities and guest speakers in the financial field. Through our collective efforts, we have been able to create a supportive and engaging environment that allows members to learn from industry professionals and build valuable connections. The Finance Club has provided me with a platform to enhance my knowledge and understanding of various financial topics while also connecting me with peers who share my passion for finance. I am excited to continue my involvement with the Finance Club and contribute to its mission of fostering a community of driven individuals in the financial sector.

Women in Business Club

As a participant of the Women in Business Club since February 2021, I collaborate with members to promote the personal and professional development of women in business. Through attending events and workshops, I've gained valuable insights from successful women in various industries and connected with like-minded individuals. I'm proud to contribute to the mission of promoting gender diversity and equality in the business world.

Pre-College Programs

UCLA Anderson Center for Management Enterprise of Media, Participant

In July 2017, I participated in a summer business class at the UCLA Anderson Center for Management Enterprise of Media, where I studied the basics of media enterprise. The program provided me with a comprehensive understanding of the media industry and the challenges faced by media enterprises in the digital age. Through lectures, case studies, and hands-on exercises, I gained insights into the strategies and tactics used by successful media companies.

Brown University, Participant

- In July 2018, I had the opportunity to participate in a summer business program at Brown University, where I studied Economics. During the program, I covered various topics such as the factors that affect an economy, the analysis and interpretation of data, and the basics of creating an econometric model. Through this experience, I gained a deeper understanding of the principles and concepts that drive the field of economics. The program provided me with valuable insights into the workings of the global economy and the tools necessary to analyze economic trends and make informed decisions. Overall, studying economics at Brown University was a challenging and rewarding experience that broadened my knowledge and skills in the field.

Highschool programs

HACIA Democracy, *Participant*

As a member of the Union of South American Nations, I had the opportunity to participate in a debate on topics related to women's rights. The experience allowed me to engage with peers and experts on issues that are crucial to the advancement of gender equality in the region. Through my involvement in the debate, I gained a deeper understanding of the challenges and opportunities faced by women in South America and the importance of promoting their rights and empowerment.

Debate Club, *President and Co-founder*

As the president and co-founder of the debate club at my school in 2017-2018, I had the opportunity to cultivate a passion for public speaking and critical thinking in my fellow students. Together, we prepared for Hacia Democracy, an event held by Harvard University for Latin American High School students. Through this experience, we learned to craft compelling arguments, present them persuasively, and engage in respectful and intellectually stimulating discourse. As the co-founder of the debate club, I took pride in creating a space where students could develop their public speaking and critical thinking skills and feel empowered to express their ideas confidently .
